

To Whom It May Concern

From Michael Capp Manager, Curriculum and Compliance Goddard Systems Inc

RE Time To Sign

Lillian Hubler, author and trainer for the Time To Sign, ASL sign language program, has been a valued and trusted resource vendor for The Goddard School chain since 2004.

In that time she has provided over 300 Goddard Schools with a comprehensive and accurate sign language program. Her program is designed to allow non-sign language speakers to teach children to converse in ASL. The program is singularly effective with preverbal children in our Infant and 1 year old classes.

Lillian has also personally conducted training sessions in our schools so that our faculty have correct and complete signing ability. These trainings routinely receive excellent reviews for both her ability to teach and her personal warmth and passion for her topic.

I am pleased to offer this letter of recommendation and am available to answer any questions which may arise.

Sincerely,

Michael Capp
