April 6, 2011

To Whom It May Concern:

The Early Learning Coalition of Marion County located in Ocala, Florida is pleased to recommend Time to Sign, Inc. to conduct sign language services such as provider training, conference keynote sessions, and presentations. Lillian Hubler and her staff are amazing presenters and follow up with excellent products, services, and expertise! I would NEVER turn to any other group or agency for our training needs in American Sign Language. Time to Sign has presented in Marion County Florida on numerous occasions and is scheduled to conduct provider training on April 23, 2011 with our local providers.

The agency has presented out or local early childhood conference provided numerous teacher trainings as well as conducted on-site provider visits to offer technical assistance services to ensure the providers benefit to the best of their individual capability. Time to Sign has made a significant difference in Marion County and our providers continuously participate in the trainings and are continuing to utilize the Time to Sign Curriculum daily within their classrooms.

If you need any additional information please contact me at (352) 369-2315.

Best Regards,

Elizabeth Moore  
Quality Initiatives Director
